Digital Product Manager

INFORMATION FOR APPLICANTS FOR THE POST OF Digital Product Manager

Thank you for your interest in our Digital Product Manager. This pack tells you more about the Ramblers, how we work, and details of the role and the people you'll be working with. It also gives information on how to apply.

The Ramblers helps everyone, everywhere, enjoy walking and protects the places we all love to walk. We are the only charity dedicated to looking after paths and green spaces, leading walks, opening up new places to explore and encouraging everyone to get outside and discover how walking boosts your health and your happiness.

Since 1935, the Ramblers have played a crucial role in:

- establishing National Parks
- establishing the first National Trail, the Pennine Way
- protecting paths and placing them on definitive maps in England and Wales
- getting access to the countryside, including the Land Reform (Scotland) Act 2003, securing ancient freedoms and the Countryside and Rights of Way Act (2000) which opened up a million hectares of countryside in England and Wales
- helping people to go walking on friendly, group walks and with our quality library of self-guided routes.

We are as relevant today as ever before. Our programmes and activities are many and varied. We provide:

- A member app which enables members to access us wherever they are
- Self-guided routes for informal walking, including free, short routes for those new to walking
- Led group walks, including free health walks for those who need a helping hand to get started
- Outings, trips away and social events for our members
- Information and education to the public on places to walk, safety and equipment
- Advocacy and campaigning for a country designed for walking
- Monitoring and inspection of the path network and rights of access
- Maintenance and upgrading of path network

Volunteers are at the heart of everything we do. Other than small staff teams in London, Edinburgh and Cardiff, all our work is carried out by volunteers. Some 20,000 work 365 days a year, rain or shine, to deliver our mission.

Our vision and strategic framework

Our vision is a country where everyone enjoys the outdoors on foot and benefits from the experience. We are focusing on three ambitions to help us make our vision a reality:

A country designed for walking

We want everything to be in place in England, Scotland and Wales so we can all enjoy the outdoors on foot and benefit from the experience. This includes great places to walk; a true right to roam and path networks that connect people with communities, history, and nature; we want to ensure the right support from government, society, public and private organisations to help us achieve this. A walking country will enable and motivate more people to walk, as a means of transport, for their health and wellbeing, to help the environment or for the sheer joy of it!

Helping everyone find their feet

Walking can take you anywhere. We want to provide the support and resources everyone needs, regardless of their age, background, fitness or mobility, to enjoy and benefit from walking outdoors. We want to help construct the national and local policies and programmes that give individuals and communities the opportunity to go out and walk, and we want to educate them about how walking can improve their health and wellbeing.

Connecting people through the Ramblers

We want to improve the health and wellbeing of the public by providing our own communities of walkers with the best possible Ramblers experience. This includes leading high quality walks, facilitating outings and holidays that help people enjoy the best walking has to offer; producing expert resources so people can safely explore the outdoors themselves and connect with nature; and providing tailored support to individuals to help them progress from the sofa to the summits or the city street to the mountain peak.

We will do all this by leading from the front. We will stand together with the outdoors community, inspire a new generation of walkers and continue to work in partnership to achieve our three ambitions.

Our governance

At the heart of everything we do are our members who support our values and deliver the vast majority of our work by volunteering their time and energy. At our annual gathering, called the General Council, these volunteers elect a Board of Trustees who strategically run the charity on their behalf. Formally we are the Ramblers Association, but we operate as the Ramblers.

Whichever nation they call home, every member who joins us is part of Ramblers Great Britain. Ramblers Scotland and Ramblers Cymru operate independently but within the Ramblers GB family. Areas in Scotland and Wales elect a national council similar to the General Council. These councils elect an executive committee who set the strategic direction and policy for our work in Scotland and Wales. Our GB strategic framework and business plan are supported by equivalent documents for Ramblers Cymru and Ramblers Scotland.

Trustees delegate responsibility for the day to day management of the charity to our Chief Executive and her team.

The team

The Ramblers GB friendly staff team comprises six directorates:

- chief executive's office – provides overall leadership to the organisation and makes sure our charity is governed effectively;
- advocacy and engagement – lobbies and advocates on behalf of walkers, campaigns to bring about change for walkers and maintains our public profile;
- operations and volunteering – helps get more people walking more often through member and non-member products and services including group walks, self-guided routes and path maintenance activities; ensures a consistent approach to the management and support of volunteers across the charity;
- membership and fundraising – work to understand the needs of our members and supporters and to recruit, retain and motivate our members so that we benefit from their loyalty, support and involvement with the charity. Also leads fundraising activities to enable the charity to remain free to deliver its charitable aims;
- data digital and technology – drives change through designing, developing & deploying data & digital capabilities for staff & volunteers and also managing our ICT provision;
- services – provides underpinning infrastructure to support the delivery of our mission, through finance, human resources, facilities and data protection.

There are also teams in Ramblers Cymru and Ramblers Scotland, reporting via their directors, to the chief executive.

As a small organisation with big ambitions, all our work is delivered in a genuinely cross-team, collaborative way. Whichever directorate you join, you will have the opportunity to contribute to delivering all aspects of our mission.

Whichever team they're in, and wherever based, our staff all have a few things in common – a passion for walking and the outdoors, a love for our volunteers, and a commitment and resilience to make ambitious plans happen in a challenging environment.
